## Lots

Number	Description	Opening bid
V250072.001	 <p><b>Quick-mount construction crane Gru-Dalbe HF162 19 metres bw.2014</b>            Technical data : Brand: Dalbe Type: HF162 Year of construction: 2014 Boom length: 19m Hook height: 15.8m Maximum capacity 1,000kg Capacity upside down: 500kg Power supply: 220v(16 A) 380v(16A) Total weight: 6.50t. Outrigger: 2.80 x 2.80 metres Turning radius: ø 3.20 m Inspection: Ok Condition: Used Inspection certificate CH184043E9_250131 BD184E9 Full hydraulic assembly hf162dalbeta-it(a7c) The HF162 is the entry-level quick-mount crane in Gru Dalbe's range. The crane is super-compact and has a very short turning radius of no less than 1.60 m! Its exibility and short assembly speed are features this crane certainly excels at.</p>	€ 2000,00
V250072.002	 <p><b>Quick-mount construction crane Dalbe DB50 32 metres bw.2012</b>            Technical data : Brand: Dalbe Type: DB50 Year of construction: 2012 Boom length: 32m Hook height: 23m Maximum capacity: 2,600kg Capacity upside down: 800kg Power supply: 380v(32A) Total weight: 15.50t. Outrigger: 3.80 x 3.80 metres Turning radius: ø 4.30 m Inspection: Ok Condition: Used Inspection certificate CHV01043C2_250131 AG001C2 The DB50 is a modern construction crane. This construction crane combines all the best of its predecessors and has also grown in height. This makes it highly suitable for applications in city centres or wooded areas. The load table was jacked up another notch, allowing the DB50 to align itself better with heavier quick-assembly building cranes. Being fully frequency-controlled, the construction crane leaves an energy-efficient footprint when lifting heavy loads or at high speeds. Consequently, user-friendliness is self-evident.</p>	€ 4500,00
V250072.004	 <p><b>Pallet hook</b>            Specs. see images            As is</p>	€ 100,00
